Mr John Harden
265 Auburn Ave. N.E.
Atlanta Ga.

Dear Friend:

I should have answered your letter before now, but I have been hearing so many rumors I did not know what was what. First of all last weeks Courier had you playing out of Buffalo with the United States League. Is this true? If so I imagine you will give your spring training games to the teams in that league.

If you have made any definite plans I would like to know if the Palm Sunday offer still stands. I have definitely arranged to train in Jacksonville Fla., so I will be down that way, and of course would like to get the best games I could.

Things are certainly happening in our baseball, if you can believe all the things you read in the paper. That is the only way we get any information. Our Presidents never write us anything. We should be having a meeting soon. Do you plan to come this way when we do.

I will appreciate hearing from you as soon as possible about the possibility of some games during training. Up to now I have not arranged anything. We open camp April 1st so we should be ready to play before too late in April. Will be looking to hear from you.

Very Truly Yours
